Explanatory Notes:

A. Ordinary Business

1. For Agenda Item 1

This agenda is meant for discussion only as the provision of Section 169(1) of the Companies Act, 1965, which does not require a formal approval of the Shareholders and hence, this Agenda is not put forward for voting.

2. Ordinary Resolution 2

Payment of Directors' Fees for the Financial Year Ending 30 June 2017

The Board has reviewed the Directors' Fees after taking into account, fee levels and trends for similar positions in the market and time commitment of the Directors. The payment of the Meeting Attendance Fees for the financial year ending 30 June 2017, shall be payable on a quarterly basis upon the successful completion of the duties and responsibilities of the Directors for the said period during the financial year. Further that the Annual Directors' Fees for the year and the Meeting Attendance Fees for the 4th Quarter be payable after the end of the financial year ending 30 June 2017.

B. Special Business

1. Ordinary Resolutions 9, 10 and 11

Continuing in Office as Independent Non-Executive Directors

The Nominating Committee had assessed the independence of Dato' Paduka Cheong Siew Kai, Mr. Huang Yan Teo and Mr. Leslie Looi Meng, whom have served the Board as the Independent Non-Executive Director of the Company for a cumulative term of more than nine (9) years and the Board has recommended that the approval of the shareholders be sought to re-appoint Dato' Paduka Cheong Siew Kai, Mr. Huang Yan Teo and Mr. Leslie Looi Meng as the Independent Non-Executive Directors of the Company.

The proposed Ordinary Resolutions 9, 10 and 11 under Agenda 6, if passed, will allow Dato' Paduka Cheong Siew Kai, Mr. Huang Yan Teo and Mr. Leslie Looi Meng, be retained and continue to act as Independent Non-Executive Directors of the Company, to fulfill the requirements of Paragraph 3.04 of Bursa Malaysia Securities Berhad's Main Market Listing Requirements and in line with the Recommendation No. 3.3 of the Malaysian Code of Corporate Governance 2012.

NOTICE OF THE THIRTY-FIFTH ANNUAL GENERAL MEETING (CONTINUED)

2. Ordinary Resolution 12

Authority to allot and issue shares under Section 132D of the Companies Act, 1965

This proposed Resolution, if passed, will give the Directors, the authority to issue and allot ordinary shares from the unissued capital of the Company, for such purposes as the Directors consider would be in the interest of the Company and also to avoid any delay and cost involved in convening a General Meeting to approve such issue of shares. This authority will, unless revoked or varied by the Company in General Meeting, expire at the conclusion of the next Annual General Meeting ("AGM") or the expiration of the period within which the next AGM is required by law, to be held, whichever is earlier.

The general mandate sought for issue of shares up to 10% of the issued capital of the Company is a renewal to the General Mandate which was approved by Shareholders at the 34th AGM held on 31 December 2015.

As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the last AGM held on 31 December 2015 and which will lapse at the conclusion of the 35th AGM.

The renewed General Mandate is to provide flexibility to the Company for any possible fund raising exercises, including but not limited to issuance of new shares for the purposes of funding future investment project(s), working capital and/or acquisition(s).

3. Ordinary Resolution 13

Proposed Renewal of Share Buy-Back Mandate

This proposed Resolution, if passed, will empower the Company to purchase its own shares of up to ten per centum (10%) of the total issued and paid-up share capital of the Company. This authority will, unless, revoked or varied by the Company, in General Meeting, expires at the next AGM of the Company. The detailed information on the Proposed Renewal of Share Buy-Back Mandate is set out in the Statement / Circular to Shareholders dated 21 October 2016 which will be despatched together with the 2016 Annual Report.

4. Ordinary Resolution 14

Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature ("RRPTs") involving the Company with Khee San Food Industries Sdn Bhd ("Proposed RRPTs Renewal")

This proposed Resolution, if passed, will allow its subsidiaries to enter into RRPTs in accordance with Chapter 10 of the Bursa Malaysia Securities Berhad's Main Market Listing Requirements. This approval will, unless, revoked or varied by the Company, in General Meeting, expires at the next AGM of the Company. The detailed information of the Proposed RRPTs Renewal are set out in the Statement / Circular to Shareholders dated 21 October 2016 which will be despatched together with the 2016 Annual Report.

5. Ordinary Resolution 15

Proposed New Shareholders' Mandate for Recurrent Related Party Transaction of a Revenue or Trading Nature (RRPT) involving Kinoss Food Industries (M) Sdn Bhd, a wholly-owned subsidiary of the Company, with Khee San Food Industries Sdn Bhd ("Proposed New RRPT")

This proposed Resolution, if passed, will allow its subsidiaries to enter into RRPT in accordance with Chapter 10 of the Bursa Malaysia Securities Berhad's Main Market Listing Requirements. This approval will, unless, revoked or varied by the Company, in General Meeting, expires at the next AGM of the Company. The detailed information of the Proposed New RRPTs are set out in the Statement / Circular to Shareholders dated 21 October 2016 which will be despatched together with the 2016 Annual Report.

CHAIRMAN'S STATEMENT

On behalf of the Board of Directors of LONDON BISCUITS BERHAD ("LONDON"), it is my pleasure to present to you the Annual Report and Audited Financial Statements of the Group for the financial year ended 30 June 2016.

REVIEW OF PERFORMANCE

The Group's revenue for the financial year ended 30 June 2016 went up by another RM33,968,486 to RM436,507,512 which represented an increase of 8.44% of that registered in the preceding year of RM402,539,026. This increase in operating revenue was achieved with much efforts, commitments and sheer hard work of everyone in the Group but having met this target, the next will be an uphill task in the year to follow. Nobody knows the future years ahead but most will form the opinion that it is not going to be easy. Last year, the management had assured me that 2016 will improve over 2015. They have indeed done so. Compliments are what they deserve. 2017...?. It is a known fact, business operating environment is extremely challenging at home and abroad, for 2017. Will we be able to improve ourselves again. That I have confidence, we can do so.

Profit After Income Tax attributable to the Group ("PAT") went up by 23.19% to RM22,418,888 from RM18,198,429 achieved in the previous year, attributable mainly to better tax and finance management. Commendable results that all in the industry, are scratching their heads to maintain. Basic Earnings Per Share's calculation of the Group based on result of operations attributable to the Group (i.e. RM18,587,589), which is 9.96 sen (2015 - 8.35 sen) for this financial year under review, based on weighted average number of ordinary shares in issue of 186,533,789 (2015 - 179,859,699).

The Company's result, increased. Profit After Income Tax went up by 21.64% to RM12,922,433 from RM10,623,680, which is expected with an increase in operating revenue.

As at 30 June 2016, Group's shareholders' equity stood at RM397,816,268 (2015 - RM379,601,782). Group's net tangible assets per share went up accordingly to RM2.13 per share in 2016 from RM2.03 per share in 2015, as the share capital base remained.

OUTLOOK AND PROSPECTS

I repeat. What lies the year ahead remain difficult and challenging. The local and world economy already slowed down. The impact on the implementations of the Goods and Services Tax ("GST") is felt. All these together with a weakening Ringgit not only increase our cost of production but affect all in the industries. Our management has to consider these impacts, which have all direct effects to our Group's operations affecting our bottomline. We are fortunate to be involved in a business that should be resilient to these impacts. However, we have to move not only fast with fundamentals to be ahead but being innovative and creative as well. That is to mean, hard work and heavy commitments from the management. New products range is constantly being introduced to keep going upfront. Our popular chewy candy sees 3 new varieties so far in 2016. This is the "SALT" range to follow the white coffee and banana flavoured candies.

Over to our products of cakes and, swiss rolls, confectionery and snack foods. Our launch of durian pie cakes proved successful. We are capitalizing on it, to spread the durian flavor to our classic roll cakes range to target local and Greater China regions. The panda bear series that was launched show favourable response, proving that novelty cake products have enduring popularity. We will follow up with a heart shaped and star shaped cakes in early 2017. Potato chips segment continues to maintain strong growth with improved bottom line margin. We intend to set up a third production line to render support to seal a foothold in this segment.

This year under review, the Group embarked on a detailed operational and financial review to overcome the expected difficulties in time. An upgrade of production facilities to streamline exercise for factory process workflow, which included a mid-life extension programme to ensure product quality and usage reliability, is completed.

Automation is still a must to alleviate the ever rising labour costs, to boost our production capacity and to maintain our presence in the market. In conjunction with the intended addition of a new wafer and a new potato chip production line, expected to commission in 2017, additional units of wrap machines are to be commissioned.

The factory in Telok Panglima Garang, which housed our existing wafer production lines is disposed, releasing funds to reduce our bank borrowings. At same time, it allowed us to consolidate operations at our premises in Seri Kembangan. We will benefit from improve manpower utilization and management supervision as well as eliminating duplicated job functions.

Worthy of mention, was a bold step by us to restructure our debts with a first ever issuance of a Medium Term loan notes. Completed in July 2016, this should give rise to interest savings and a more affordable financial structure for years to come.

CHAIRMAN'S STATEMENT (CONTINUED)

We will continue to spend on massive advertising and participating on promotional campaigns to keep the public awareness of our BRAND of products. However, in view of cost/benefits, we associate ourselves only with high publicity media event like Singapore Mediacorp Star Awards 2016 and a much look forward to landmark event of the forthcoming New Year's Eve Countdown party, a first in conjunction with Astro New Talent Quest.

It cannot be denied, participating in world renowned exhibitions and trade fairs, do bring in results. Our durian pie cakes first launched in HOFEX HK brought us much success and popular acceptance by chinese customers. Amongst that we have participated this year were FHA Singapore (since 2006), Thaifex (since 2011), FHA Myanmar (to explore untapped market), SIAL Paris (to explore European market and halal opportunities), SIAL Middle East (since 2012, maintain networking with existing customers base and to secure new customers).

DIVIDENDS

After deliberating, anticipating the difficult time ahead, the Board do not intend to recommend a final dividend in respect of the year under review.

ACKNOWLEDGEMENT AND APPRECIATION

I, take this opportunity to express my sincere appreciation to my fellow directors, the management team and all our employees for their hard work and dedicated services in the past year.

My heartfelt thanks are also extended to our valued customers, suppliers, bankers and to others whose supports are invaluable to the continued success of LONDON.

DATO' SRI LIEW KUEK HIN, SSAP, DIMP, PJK, JP,
Chairman of the Board of Directors

10 October 2016

MANAGEMENT DISCUSSION & ANALYSIS

1. INTRODUCTION

London Biscuits Berhad (“London”) and its subsidiaries (“the Group”) are the largest domestic Malaysian manufacturer of assorted cake confectionery, candy confectionery, wafers and an assortment of snack confectionery with manufacturing facilities located in Ulu Tiram and Pasir Gudang in Johor as well as in Seri Kembangan Selangor.

Products under the Group produce 4 main categories of products:-

1. Cake Confectionery : Roll, Layer and Pie cakes
2. Candy Confectionery : Chewy, Deposited, Tablet and Hard Candies; Bubblegum and Chewing gum
3. Potato Chips : Chips in assorted flavours in canister packaging
4. Snack Confectionery : Extruded Corn Snacks, Jellies & Puddings, Chocolate Cup Dip Biscuits and Wafers

2. OVERVIEW OF THE BUSINESS ENVIRONMENT

The Group has continued to experience strong growth with turnover growing of 8.44% from RM402,539,026 in 2015 to RM436,507,512 being an increase of RM33,968,486 while Profit after Tax came in at RM18,587,589 representing an improved profit margin of 4.26%.

Over the past years, the Group has been facing the challenge of maintaining its price competitiveness in the face of manufacturing cost being attributed to the fluctuating prices for sugar, flour and packaging materials, these being three of the major cost components of our operations. This is reflected by the FAO Food Price index, being the average of a group of global commodity price indices, which is tracking at 170.9 points as of September 2016 being 10% higher than the corresponding month of September in 2015. These increases are mostly attributable to higher sugar prices and moderate increases in dairy, meats and vegetable oil prices.

Moving forward, the outlook for palm oil and sugar prices remains mixed as it is expected that vegetable oil prices will be on a higher trend as a result of weaker than expected output and low stocks levels. Meanwhile, sugar prices have risen for the past few months and will continue to do with poor weather conditions in Brazil and unfavourable reports from other sugar producing countries. The exception being the Cereal Price index which has been on a declining trend for the September 2016 quarter with positive reports of good harvests and ample supplies.

3. BUSINESS OPERATIONS REVIEW

The Group recorded sales revenue of RM436,507,512 with domestic sales accounting for approximately 67.4% and exports for approximately 32.6% each. The main categories of products for the Group are the Cakes Confectionery, Sweets and Candies, Potato Chips, Wafers and assorted snack confectionery.

Cake Confectionery

The Cake segment is subdivided into 4 main types:-

- Roll Cakes : Marketed under the London Brand
- Pie Cakes : Marketed under the London, Hiro and Mizu Brands
- Layer Cake : Marketed under the London Brand
- Pandar Bear Brownie : Marketed under the London Brand

The London Brand is used to market 4 types of cakes while the Hiro and Mizu brands are used to market the pie cakes exclusively. The Cake segment is one of the two major key products of the Group and accounts for approximately 31.1% of its turnover. London is the only domestic manufacturer that produces all these many varieties of cakes and had continuously upgraded and expanded its manufacturing capabilities to support the market demand for its cakes. London has various production lines and also currently operates the single largest capacity cake line in South East Asia whilst new flavours are introduced typically once a year either as a limited edition run or as permanent additions to the cake segment. There are currently 7 flavours with the London Choco Roll as the flagship product of the cake range, being a choco flavoured cake sponge with choco flavoured cream. The panda bear brownie was launched in 2014 as a premium tiered product which is a teddy bear shaped brownie texture like cake in choco, pandan or milk flavours. Moving forward, we have launched the new cheese and butter flavoured roll cakes and expect to launch other new exciting products over the next months to continue our drive to launch more premium range products such as heart shaped & star shaped cakes. An interest development will be the introduction of the durian flavoured roll cake to leverage on the success of the durian pie cake launched in 2015.

Sweets and Candies

The Sweet and Candies segment is subdivided into various categories as follows:-

- Chewy : Marketed under the Fruitplus Brand
- Deposited : Marketed under the Victory Brand
- Hard : Marketed under the Torrone Brand
- Tablet : Marketed under the Bento Brand
- Chewing Gum : Marketed under the Victory Brand
- Bubble Gum : Marketed under the 88 Super Bubble Gum Brand

MANAGEMENT DISCUSSION & ANALYSIS (CONTINUED)

The Sweets and Candies segment comprises approximately 34.25 % of the Group's turnover and is the single major contributor to the sales of the Group. The bestselling product is the Fruitplus range of chewy candies whilst our torrone barley mint hard candies are an iconic product which is easily recognisable as it has been present in the market for over 25 years. The overall market condition remains strong for the segment with heavy demand in particular for the chewy candies which had already resulted in a doubling of output over the preceding 3 years.

Potato Chips

The Potato Chips segment is as follows:-

- Potato Chips : Marketed under the London & Kinoss Potato Bites Brand

The Potato Chips segment contributes approximately 7.4% to the Group's Turnover is being identified as the potential 3rd core product of the Group. There are currently 6 flavours being marketed and the products are found in both the domestic wholesale and export markets. There are 2 production lines in operation with the 1st commissioned in 2010 and the 2nd in January 2015. A 3rd production line is planned with an expected commissioning in 1st Quarter 2017 and the Management will have greater flexibility in terms of varying the flavours and packaging configurations to meet future orders and shipment. In turn, these will contribute substantially to the Group's growth in the future.

Snack Confectionery

The snack segment is made of the following product types:-

- Corn Snacks : Marketed under the CaCa, Choco Bin, Nutty Bin Brands
- Wafer : Marketed under the Torrone, Lovin, Tip Top and Snackie Brands
- Jellies & Puddings : Marketed under the Sumi and Popo Brands
- Biscuit Dip Chocolates : Marketed under the NiNi Brands

The snack confectionery segment comprises of an assortment of product types, ranging from savoury corn snacks, chocolate coated corn snacks, wafers, jellies, puddings and biscuits with chocolate or peanut dipping cream. These are complementary products which support London's positioning of itself as a regional one stop centre for confectionery products. This segment contributes approximately 27.25% towards London's sales and new product ranges are periodically introduced to tap into interesting market trends.

Production Operations

The Group production operations are based out of a total of 10 production plants located in Ulu Tiram and Pasir Gudang in Johor with Seri Kembangan in Selangor. The cakes, potato chips and snacks are produced from the Johor plants while the candies and wafer are produced from the Selangor plant.

London's cake range has been very successful since it was introduced to the market and has always operated at full capacity on a non-stop basis with a backlog of orders in excess of 8 weeks which had resulted in several rounds of capacity expansions to meet this demand. The last addition was the commissioning of a large capacity cake line which is the single biggest capacity cake line in South East Asia. This cake line has effectively doubled the capacity of the Roll Cake segment and is intended to fulfil the long standing shortage of the London Roll Cakes in the market. This production line is now operating at full capacity with strong demand from both local and export markets and London will continue to underpin the London Roll range with strong marketing support to burnish its brand image.

The Group has been facing long standing production bottlenecks at its Seri Kembangan production facilities due to obsolete packaging equipment which are unable to process the increased candy output leading to the installation back in 2009 of a new state of the art packaging machine to package the deposited candies in its twist wrap format and which is capable of packaging speeds 5 times over that of 1 of our existing packaging machines. A similar packaging machine was installed in middle of 2013 with a further 2 units installed in 2016. These machines are the fastest in their categories and the Group is currently the only manufacturer in the region to operate these advanced machines. At the same time another 4 packaging machines had also been installed to handle the increase in production output for the chewy candy range in 2013 and each of these new machines has a packaging speed 4 times faster than the existing machines used.

In 2013, the management had installed additional production lines to support the future expansion plans of Khee San which had increased our production capacity by at least 50% and these will be sufficient to underpin the Company's growth for the next 3 to 4 years. The Management had also commissioned a fully automated jar packaging machine which will automate what is currently one of the most labour intensive processes in the candy segment as well as new packaging equipment to increase output of the 150 grams pouch bags used for retailing in modern trade outlets.

Over the past several years, the Company had been expanding and upgrading its pie cake production facilities in Pasir Gudang and it now houses a complete modern manufacturing facility with 3 pie cake production lines capable of producing pie cakes with central filling or chocolate coating. London had also commissioned a new large capacity potato chip production line in January 2015 and it is the Management's plan to grow this segment into a new core product for the Group by adding a 3rd line in early 2017 to tap into the global market demand for potato chips.

MANAGEMENT DISCUSSION & ANALYSIS (CONTINUED)

Sales and Marketing

The Group derives approximately 57% of its revenue from the domestic Malaysian market and the balance 43% from exports. The Group currently exports to 35 countries with major destinations such as Hong Kong, Indonesia, Thailand, China, the Middle East and Vietnam. Exports to the ASEAN / Pan Pacific region are dominantly for the Cake Range whilst the Corn Snacks are sold in the Middle East Region. The potato chips have presence in both these regions thereby affirming its widespread popularity. For its domestic market the focus is on increasing the coverage of all the various retail sales point across both the wholesale and modern distribution channels. These sales points can range from mom and pop outlets, to neighbourhood convenience store, 24 hours stores and the various supermarket chains such as Aeon and Tesco. The key market drivers for the Company are the Roll Cakes and Chewy Candies which have become familiar brand names to consumers. Moving forward, London had launched a series of premium tiered products such as the cereal bar which is a corn stick with an outer layer of cream and oats and the aforementioned panda bear brownie cake.

Distribution Channels

The Group sells its products via 2 types of distribution channels being the wholesale and modern channels.

The wholesale channel is the classic distribution method whereby products are sold in bulk to a major wholesaler who in turn sells to various resellers further down the retail chain such as van sales, school canteen vendors, mom and pop shops and cash and carry stores. This distribution method is more commonly seen in places or districts where the population density is lower due to geographical reasons and also where retail sales point consists on individual shops instead of major supermarket chain stores.

The modern channel is the distribution model consisting of products being directly retailed at major supermarket or hypermarket chain stores and other convenience stores. A strong feature of the modern channel is that products are typically ordered via a centralised purchasing system and delivered to either a distribution centre or to the individual outlets. This channel is often seen in urban population centres with high densities.

The Groups distributes its products via both the wholesale and modern distribution channels in Malaysia while this will be on a country to country basis for the exports. For example, in Singapore and Hong Kong only the modern distribution channel will be employed whilst the wholesale channel will be more prevalent in Indonesia and Vietnam.

Objectives

The Group's objectives are to become the dominant player and a regional one stop centre for Confectionery to supply the regional Asean export market. Towards this end, the Group has been busy with increasing its production capabilities to achieve its objectives over the next 5 years.

The Group is pleased at the strong growth posted for the financial year and that its future prospects remains good with its large capacity cake line continuing to operate at maximum utilisation and the increasing number of Points-of Sales ("POS") in its various key markets. The Group is also on track with the utilisation of the new enlarged chewy candy output and following the launch of the banana flavoured Fruitplus and coffee chewy candy while be launching a new strawberry milk flavoured chewy candy as well as a Salt and Lemon candy to continue to launch new and interesting products in the market.

For the current and coming year, the Group have been focusing on an aggressive brand building campaign to build on its successes with the brand positioning of its London Roll and Fruitplus brands since 2013. London is continuing its sponsorship of Singapore Mediacorp's Star Awards and Astro's Super Talent Quest 2016 which its key target audience is beginning to closely identify with the London Brand. This is in line with the Management's intention to associate its brand positioning with high profile prestigious events.

4. OUTLOOK OF FUTURE PROSPECTS

The Group's prospects are good though the operating environment is challenging with the Management having to be proactive and being nimble in responding to various external factors. The upcoming 12 months will see the Management actively engaging our key distributors to expand the network of POS as part of its initiative of focusing deeply on key markets for our established products and brands while using its potato chips range to target new markets.

1. Board of Directors

Board Composition and Balance

Our Board currently has nine (9) members, comprising one (1) Non-Independent Executive Director, five (5) Non-Independent Non-Executive Directors and three (3) Independent Non-Executive Directors. The composition of the Board fulfills with the minimum one-third requirement for Independent Directors to be on the Board as stated in the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Listing Requirements”). The Company has also complied with the gender requirements as in the Recommendation 2.2 of the Code.

The Directors bring characteristics which allow a mix of knowledge, experience, skills and expertise which includes financial, legal, taxation, secretarial and business management which necessary for the successful direction of the Group.

The Board is mindful on the recommendation of the Code that the Board must comprise a majority of Independent Non-Executive Directors where the Chairman of the Board is not an Independent Non-Executive Director. However, the Board is of the view that Dato’ Sri Liew Kuek Hin, the Non-Independent Non-Executive Chairman of the Board, being the pioneer and contribution towards the Company’s growth, his responsibility towards the Group’s business and development activities as well as his extensive knowledge on the Company’s operations and strategic direction renders him most suitable to represent the Company to its stakeholders.

The Board is of the opinion that the present composition of the Board which comprises of experienced and calibre Independent Directors are sufficient to provide the necessary check and balance of the Board.

The brief profile of each of the Directors is set out in the “Profile of Directors” on pages 8 to 10 of this Annual Report.

Separation of Positions of the Chairman and Group Chief Executive Officer

The roles of the Chairman, Dato’ Sri Liew Kuek Hin and Group CEO, Dato’ Sri Liew Yew Chung are separated with clear defined duties to ensure balance of power and authority within the Group.

The Chairman holds a non-executive position, is primary responsible for the leadership of the Board and ensure the effectiveness of the Board while the Group CEO manages the day-to-day business and operations and implements the Board’s decisions.

Independent Directors

The assessments on the Independence of all the Independent Directors are being carried out annually by the Nominating Committee and the results of these assessments have confirmed their independence.

The Company complied with the independence of Independent Directors’ requirements as in the Recommendation 3.2 and 3.3 of the Code. Subject to the assessment of the Nominating Committee, an Independent Director after serving a cumulative term of nine (9) years can remain as an Independent Director of the Company, are subject to the Shareholders’ approval at the forthcoming Annual General Meetings (“AGMs”).

At this forthcoming AGM, the Company will propose to seek the Shareholders’ approval to retain Dato’ Paduka Cheong Siew Kai, Mr. Huang Yan Teo and Mr. Leslie Looi Meng as Independent Directors of the Company. The Board is of the view that the Independent Directors can continue to serve in office beyond the nine (9) years tenure and provide their independence views and judgement in the decision making process.

STATEMENT ON CORPORATE GOVERNANCE (CONTINUED)

Supply and Access to Information

The Board recognised the process of decision making is highly reliable on the quality of information furnished. All the Directors have full and timely access to the relevant information prior to each Board Meeting and Committees Meeting, in order to obtain a comprehensive understanding of the issues to be deliberated upon.

The Board is regulatory updated on new regulatory and regulatory requirements relating to their duties and responsibilities as a Director. The Board may seek for the independent professional advice in legal, financial, governance, if necessary, at the Company's expense to enable it to discharge its duties and responsibilities in relation in matters being deliberated.

Board Charter and Code of Conduct

The Board Charter, which specified the duties and responsibilities of the Board, will be periodically assessed by the Board to ensure it incorporates the latest Company's policies and processes including the relevant legislation and regulations.

The Board recognises the importance of establishing a healthy corporate culture. The Board has obeyed the Code of Ethics for the Company Directors issued by the Companies Commission of Malaysia and in the midst of establishing the Code of Conduct for the Board, which sets out the standards of good behaviour by underscoring the core ethical values that are vital for that business decisions.

The Board also established a whistle-blower policy to provide a safe mechanism for whomever to come forward and raise any concerns about the actual or potential fraud or breach of trust involving employees, Management and the Board. This policy allows the whistle-blower to raise the concerns outside the Management line and the identity will be kept confidential and protection is given against any form of reprisal or retribution.

2. Board Meetings

The Board ordinarily meets at least 5 times a year, to consider all matters relating to the overall control, business performance and strategy of the Company. Additional meetings will be convened, when if necessary, especially urgent and important decisions need to be concluded upon in between the scheduled meetings. The relevant reports (including Minutes of meetings), meeting agendas and Board papers are distributed to all Directors in advance of the Meeting to allow the Directors to have sufficient time to peruse for effective discussion and decision making during the meetings.

During the financial year, there were 5 Board Meetings carried out, of which 4 of the meetings were to review and discuss the Group's quarterly performances beside other agendas whilst the other meeting was held to review the annual audited financial results and the annual report for the year. During the Board Meetings, the Executive Director was in all time present (in the meeting or via tele-conferencing) to provide information, explanation on the performance and areas of concern within the Group.

In the period between the Board Meetings, the Board's approvals were sought via circular resolutions, together with the sufficient information required to make informed decisions.

During the financial year, the Directors' attendance at the Board Meetings were as follows:-

STATEMENT ON CORPORATE GOVERNANCE (CONTINUED)

Note:

Dato' Paduka Cheong Siew Kai has sent his request to the Board to excuse him from attendance one of the Board Meeting as he has to attend a seminar and the request has been approved by the Board.

Based on the above, all Directors have complied with the minimum 50% attendance requirement in respect of Board Meetings as stipulated in the Listing Requirements of Bursa Securities and the Articles of Association of the Company. The Board's Meetings and Committees' Meetings for each of the quarter were scheduled at the end of each of the Meeting, to allow the Directors and Members of the Committees to organise and plan their activities ahead to ensure that they would be able to attend all Meetings which have been scheduled earlier.

3. Company Secretary

The Company Secretaries are suitably qualified, competent and are members of the professional bodies. The Company maintains 2 named company secretaries namely, Ms. Hoh Leong Ching, a member of the Malaysian Institute of Chartered Secretaries and Administrators (MAICSA) and Mr. Hoh Chee Mun, a member of Malaysian Institute of Accountants (MIA).

The Company Secretaries attended all the Boards and Committees Meetings carried out during the financial year under review. The procedures and conclusion of all the Board Meetings and Committees Meetings were minuted properly and approved by the Chairman of Meetings accordingly. STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

1. INTRODUCTION

The Board of Directors (“the Board”) of London Biscuits Berhad (“the Company”) is pleased to present the Statement on Risk Management and Internal Control, which has been prepared in accordance with Paragraph 15.26 (b) of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad and guided by the “Statement on Risk Management & Internal Control – Guidelines for Directors of Listed Issuers” issued by the Institute of Internal Auditors Malaysia.

The Board believes the practice of good corporate governance is an important continuous process to safeguard Shareholders’ investment and the Group’s assets and not just a matter to be covered as compliance in its Annual Report.

2. BOARD’S RESPONSIBILITIES

The Board upholds its overall responsibility for the Group’s system of internal control, including the assurance of its adequacy and integrity, and its alignment with the corporate objectives. The internal control system covers risk management, financial, organisational and operation and compliance controls.

The Board also affirms that they will be continuously improve the process for identifying, evaluating, monitoring and managing the significant risks faced by the Group as to safeguard the Shareholders and Stakeholders interest. However, in view of the limitation inherent in any system of internal controls and risk management, it should be noted that a system of internal controls and risk management framework is designed to manage the principal risks of the Group rather than to eliminate the risks of failure. As such, the internal control system can only provide reasonable and not absolute assurance against material misstatement of management and financial information or against loss or fraud.

The Board is assisted by the Management in implementing the Board’s policies and procedures on risk and control by identifying and assessing the risks faced, and in the design, operation and monitoring of suitable internal controls to manage and control these risks.

3. RISK MANAGEMENT FRAMEWORK

As an integral part of the system of risk management, the Board maintained an ongoing group wide risk management process for identifying, evaluating and managing the significant risks that may affect the achievement of the Group’s business objectives.

Risk management is firmly embedded in the Group’s management systems and its policy is reviewed every 2 to 3 years to ensure it is relevant and adequate to manage the Group’s risks, which continue to evolve along with the changing of business environments. The Board strongly believes that prudent risk management is vital for business sustainability and the progressive enhancement of the Shareholders’ value.

It is the responsibilities of the key management, Head of subsidiary companies and Heads of Departments to identify, evaluate and monitor risk faced by the respective parties on an ongoing basis with defined parameters. The deliberation of risks and related mitigating responses are carried out at regular management meetings of the Group. Significant risks are conveyed to the Board at the quarterly scheduled meetings.

4. INTERNAL AUDIT FUNCTION

The Group has an Internal Audit Department (“IAD”) to assist the Audit Committee in discharging their responsibilities by reviewing the adequacy and the integrity of the Group’s internal control systems, management information systems and the system on compliance with the applicable laws, regulations, rules and guidelines. The Internal Auditors are independent of the Management and its operations.

The Audit Committee had approved the Internal Audit Plan for the internal control system of the Group. The Internal Auditors carries out continuous internal controls reviews on the business processes that manage the principal risks identified on a quarterly basis.

All findings and the recommendations together with the Management’s actions for further improvement were submitted to the Audit Committee on a quarterly basis. In assessing the adequacy and effectiveness of the system, the Audit Committee reports to the Board on its activities, audit findings and the necessary recommendations or actions needed to be taken by the Management to rectify those issues.

During the financial year ended 30 June 2016, the Internal Auditors have conducted various approved internal audit plans which are in consistent with the corporate goal of the Group and all internal Auditors’ reports were deliberated by the Audit Committee during its Audit Committee Meetings and recommendations made to the Board and/or the Management was acted upon thereafter.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONTINUED)

During the financial year under review, the following areas and departments were audited by the Internal Auditor:-

- Maintenance Department
- Laboratory Department
- LBB Management Information System Department – Issuing
- Warehouse Management
- Production Management
- Quality Assurance and Quality Control Management
- Administration Housekeeping
- Customer Service Department
- Cash Flow and Finance Management
- Human Resources and Administration Management
- Corporate Affair and Legal Department
- Supplier Audit

The costs incurred for the aforesaid internal audit function for the period ended 30 June 2016 amounted to RM19,900.00.

5. KEY ELEMENTS

The Group's key elements of risk management and internal control system are described as follows:-

- Establishment of a conducive control environment in respect of the overall attitude, awareness and the actions of the Directors and Management regarding the risk management and internal control system and its importance to the Group.
- Clearly defined limits of authority, responsibility and accountability have been established through the relevant terms of reference and organisational structures to enhance the Group's ability to achieve its strategies and operational objectives.
- A clear and detailed organisational structure has been established to focus on the related reporting responsibilities and accountabilities to ensure and clarify task ownership.
- Board meetings and Management meetings are held regularly on the operational issues, financial performance, human resources matters and business plans to discuss, identify and manage the key risks.
- Development of comprehensive policies and procedures manuals including staff handbook to ensure compliance with internal controls and the relevant laws and regulations, provide guidelines on, and authority limits over various operating, financial, human resources inclusive of health and safety matters.
- Internal policies and procedures as set out in the Group's policies and procedures covering various operational and management aspects are regularly updated to address operational deficiencies and changes of risk.
- The communication channel such as intranet, email, teleconferencing as an effective means of communication and knowledge sharing among the employees.
- A Code of Ethics which defines the ethical standards is introduced to all employees and conduct at work. New employees are briefed on the Group's culture, organisational structure, their job descriptions, responsibilities and key performance index expectations upon joining the Group by their immediate supervisors and a documents copy of the same is filed in their respective personnel files.
- Recruitment of experienced, skilled and professional staff to fulfil the respective responsibilities and ensuring adequate control are in place.
- The major capital expenditure and assets disposals are appraised and approved by the Board as well as the Board of Directors of the subsidiaries, whenever applicable.
- All Heads of Departments are required to prepare the annual strategic plan, capital and operating expenditure budgets to be aligned with the strategic planning and budgeting process of the Group.
- The Group's financial performance and statements has been reviewed by Audit Committee which is then reported to the Board.

Regular and comprehensive management reports to the Audit Committee from various lines of operations and business units, on key business performance, operating statistics and regular matters. This allows for an effective monitoring of significant variances and deviation from standard operating procedures and budget.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONTINUED)

6. REVIEW BY THE BOARD

The Board had reviewed the Audit Committee's report in the findings and recommendations by the Internal Auditor and necessary actions have been taken by the Management. The Board had received verbal assurance from the Group CEO that the Group's Risk Management and Internal Control Systems are operated adequately and effectively, in all material aspects, based on the Group's policies and procedures.

The Board considered the risk management and internal control process in the Group during the financial year to be satisfied and sufficient to safeguard the Stakeholders' interest.

The Board considers the system of internal controls described in this statement to be satisfactory and the risks to be at an acceptable level within the context of the Group's business environment. And, there is no significant breakdown or weaknesses in the current system of the Group for the financial year ended 30 June 2016. As the development of an efficient system of internal controls is an ongoing basis, the Board and the Management will continue to take necessary measures and maintain ongoing commitment to strengthen the risk management and internal controls environment and processes of the Group.

During the financial year under review, there were no material losses caused by the failure in internal controls.

DIRECTORS' BENEFITS

Since the end of the previous financial year, no Director is entitled or become entitled to receive any benefit (other than as disclosed in the financial statements) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a Company in which the Director has a substantial financial interest.

Neither during nor at the end of the financial year was the Company a party to any arrangements whose object is to enable the directors to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other body corporate.

BAD AND DOUBTFUL DEBTS

Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of impairment of receivables and are satisfied that all known bad debts have been written off and adequate impairment had been made for doubtful debts.

At the date of this report, the Directors are not aware of any circumstances that would render the amount written off for bad debts, or the amount of the allowance for impairment, in the financial statements of the Group and of the Company inadequate to any substantial extent.

DIRECTORS' REPORT FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016 (CONTINUED)

CURRENT ASSETS

Before the statements of comprehensive income and statements of financial position of the Group and of the Company were made out, the Directors took reasonable steps to ascertain whether any current assets, other than debts, which were unlikely to realise in the ordinary course of business their value as shown in the accounting records of the Group and of the Company and to the extent so ascertained were written down to an amount that they might be expected to realise.

At the date of this report, the Directors are not aware of any circumstances that would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the Directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (i) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person, or
- (ii) any contingent liabilities in respect of the Group and of the Company that has arisen since the end of the financial year, other than as disclosed in the financial statements.

In the opinion of the Directors, except disclosed in Note 33, no contingent liabilities or other liabilities of the Group and of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or in the financial statements of the Group and of the Company that would render any amount stated in the respective financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year, in the opinion of the Directors, may be substantially affected by items, transactions or events of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

EVENTS SUBSEQUENT TO BALANCE SHEET DATE

Except as disclosed in Note 39 to the financial statements, there has not arisen in the interval between the end of the year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to affect substantially the results of the operations of the Group and the Company for the year in which this report is made.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF LONDON BISCUITS BERHAD

REPORT ON THE FINANCIAL STATEMENTS

We have audited the financial statements of LONDON BISCUITS BERHAD, which comprise the statements of financial position as at 30 June 2016 of the Group and of the Company, and the statements of comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and a summary of significant accounting policies and other explanatory information as set out on pages 40 to 84.

Directors' Responsibility for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Group and the Company as of 30 June 2016 and of its financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report the following:-

- (a) In our opinion, the accounting and other records and the registers required by the Act to be kept by the Company and its subsidiaries have been properly kept in accordance with the provisions of the Act.
- (b) We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the financial statements of the Group and we have received satisfactory information and explanations required by us for those purposes.
- (c) Our audit reports on the financial statements of the subsidiaries did not contain any qualification or any adverse comment made under Section 174(3) of the Act.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF LONDON BISCUITS BERHAD (CONTINUED)

Other Reporting Responsibilities

The supplementary information set out on page 84 to the financial statements is disclosed to meet the requirement of Bursa Malaysia Securities Berhad. The Directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad's Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

Other Matters

The report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The accompanying notes form an integral part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The Company is principally engaged in manufacturing and trading of confectionery and other related foodstuffs. The principal activities of the subsidiaries companies are disclosed in Note 15 to the financial statements.

There have been no significant changes in the principal activities of the Group during the financial year.

The Company is a public listed company, incorporated and domiciled in Malaysia and is listed on the Main Market, Bursa Malaysia Securities Berhad.

The registered office and principal place of business of the Company is located at No.1, Jalan Istimewa 2, Taman Perindustrian Desa Cemerlang, 81800 Ulu Tiram, Johor Darul Takzim.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors on 28 September 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of the financial statements

The financial statements of the Group and of the Company have been prepared in accordance with applicable Malaysia Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of Companies Act, 1965 in Malaysia.

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Ringgit Malaysia (RM).

The preparation of financial statements in conformity with MFRS requires the use of certain accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements, and reported amounts of revenue and expenses during the reported financial period. It also requires directors' best knowledge of current events and action, and therefore actual results may differ.

2.2 Standards issued but not yet effective

The Group and the Company has not adopted the following standards and interpretations that have been issued but not yet effective:-

Title	Effective for the financial period beginning on or after
<i>Amendments to MFRS 112 : Recognition of Deferred Tax Assets for Unrealised Losses</i>	1 January 2017
<i>Amendments to FRS 107 : Disclosure Initiative</i>	1 January 2017
<i>Amendments to MFRS 9 : Financial Instruments</i>	1 January 2018
<i>MFRS 15 : Revenue from Contracts from Customers</i>	1 January 2018
<i>Amendments to MFRS 2 : Classification and Measurement of Share-based Payment Transactions</i>	1 January 2018
<i>MFRS 16 : Leases</i>	1 January 2019

The Group and the Company will adopt the above pronouncements when they become effective in the respective financial periods. These pronouncements are not expected to have any effect to the financial statements of the Group and of the Company upon their initial application.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies

The financial statements of the Company have been prepared under the historical cost convention other than as disclosed in the notes to the financial statements and in the requirements of the Companies Act, 1965, MFRS and IFRS.

(a) Basis of consolidation and subsidiaries

Subsidiaries companies are enterprises controlled by the Company. Control exists when the Company has the power to govern the financial and operating policies of the enterprises so as to obtain benefits from their activities.

The consolidated financial statements include the financial statements of the Company and its subsidiaries companies made up to the statement of financial position date using the purchase method of accounting. Under this method, the results of the subsidiaries companies acquired are included in the consolidated financial statements from the dates of acquisition.

Any excess of the cost of the acquisition over the Group's interest in the net fair value of identifiable assets, liabilities and contingent liabilities represents goodwill.

Any excess of the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities over the cost of acquisition is recognised immediately in statement of comprehensive income.

Disposal groups of which intention to dispose within twelve months or have been contracted for sale but not completed at the statement of financial position date are classified as held for sale in accordance with MFRS 5 Non-current Assets Held for Sale and Discontinued Operations, which are recognised at fair value less costs to sell.

All inter-company balances and transactions are eliminated on consolidation and the consolidated financial statements reflect external transactions only.

(b) Financial instruments

Financial instruments are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments. Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument classified as a liability, are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially, at its fair value plus, in the case of a financial instrument not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

The Group and the Company categorise the financial instruments as follows:-

(i) Financial assets

On initial recognition, financial assets are classified as either financial assets at fair value through profit or loss, held-to-maturity investments, loans and receivables financial assets, or available-for-sale financial assets, as appropriate.

Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss when the financial asset is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

Financial assets at fair value through profit or loss are stated at fair value, with any gains or losses arising on remeasurement recognised in profit or loss. Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(b) Financial instruments (continued)

(i) Financial assets (continued)

Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and fixed maturities that the management has the positive intention and ability to hold to maturity. Held-to-maturity investments are measured at amortised cost using the effective interest method less any impairment loss, with revenue recognised on an effective yield basis.

Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated in this category or are not classified in any of the other categories.

After initial recognition, available-for-sale financial assets are remeasured to their fair values at the end of each reporting period. Gains and losses arising from changes in fair value are recognised in other comprehensive income and accumulated in the fair value reserve, with the exception of impairment losses. On derecognition, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity into profit or loss.

Dividends on available-for-sale equity instruments are recognised in profit or loss when the Group's right to receive payments is established.

Investments in equity instruments whose fair value cannot be reliably measured are measured at cost less accumulated impairment losses, if any.

Loans and receivables financial assets

Trade receivables and other receivables that have fixed or determinable payments that are not quoted in an active market are classified as loans and receivables financial assets. Loans and receivables financial assets are measured at amortised cost using the effective interest method, less any impairment loss. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the recognition of interest would be immaterial.

(ii) Financial liabilities

All financial liabilities are initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method other than those categorised as fair value through profit or loss.

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. Derivatives are also classified as held for trading unless they are designated as hedges.

(iii) Equity instruments

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from proceeds.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

(c) Intangible assets

(i) Goodwill on consolidation

Goodwill on consolidation represents the excess of the fair value of the purchase consideration over the Group's share of the fair values of the identifiable net assets of subsidiaries at the date of acquisition.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(c) Intangible assets (continued)

(i) Goodwill on consolidation (continued)

Goodwill on consolidation is retained in the consolidated statement of financial position. The carrying amount of the goodwill is reviewed annually and is written down for impairment where it is considered necessary. The impairment value of goodwill is taken to the consolidated statement of comprehensive income.

If after reassessment, the Group's interest in the fair values of the identifiable net assets of the subsidiaries exceed the cost of the business combinations, the excess is recognised immediately in the consolidated statement of comprehensive income.

(ii) Other intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair values as at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are amortised on a straight-line basis over the estimated economic useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each statement of financial position date.

Intangible assets with indefinite useful lives are not amortised but tested for impairment annually or more frequently if the events or changes in circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. The useful life of an intangible asset with an indefinite life is also reviewed annually to determine whether the useful life assessment continues to be supportable.

(d) Property, plant and equipment and depreciation

All items of property, plant and equipment are initially recorded at cost. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

Subsequent to recognition, property, plant and equipment are stated at cost as modified by the revaluation of certain freehold land and buildings and certain plant and machinery less accumulated depreciation and accumulated impairment loss, if any.

No depreciation is provided on freehold land, freehold land and buildings-in-progress and plant and machinery under installation.

Leasehold land and buildings are amortised over the remaining leasehold period.

Depreciation is provided on the straight-line method in order to write off the cost of each asset to its residual value over its estimated useful life. Depreciation of an asset does not cease when the assets becomes idle or is retired from active use unless the asset is fully depreciated.

The principal rate used is as follows:-

Freehold buildings	1% - 2%
Furniture and fittings	10%
Office and laboratory equipment	10%
Motor vehicles	20%
Plant and machinery	5%
Plant and machinery at group cost	6 2/3%
Renovations and electrical fittings	10% - 25%

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(d) Property, plant and equipment and depreciation (continued)

The Group adopts a policy to revalue at a regular interval of at least once in every five years for its freehold land and buildings with additional valuations in the intervening years where market conditions indicate that the carrying values of the revalued land and buildings materially differ from the market value. Surpluses arising from the revaluation are recognised in other comprehensive income and accumulated in equity under the revaluation reserve. Deficits arising from the revaluation, to the extent that they are not supported by any previous revaluation surpluses, are recognised in statement of comprehensive income.

The residual values, useful life of assets and depreciation methods are reviewed, and adjusted if appropriate, at each reporting date. The effects of any revisions of the residual values, useful lives and depreciation method are included in profit or loss for the financial year in which the changes arise. Fully depreciated assets are retained in the financial statements until the assets are no longer in use.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the statement of comprehensive income in the financial year the asset is derecognised.

(e) Leases

(i) Classification

A lease is recognised as a finance lease if it transfers substantially to the Group all the risks and rewards incidental to ownership. Leases of land and buildings are classified as operating or finance leases in the same way as leases of other assets and the land and buildings elements of a lease of land and buildings are considered separately for the purposes of lease classification. All leases that do not transfer substantially all the risks and rewards are classified as operating leases.

(ii) Finance leases

Assets acquired by way of finance leases are stated at an amount equal to the lower of their fair values and the present value of the minimum lease payments at the inception of the leases, less accumulated depreciation and impairment losses. The corresponding liability is included in the statement of financial position as borrowings. In calculating the present value of the minimum lease payments, the discount factor used is the interest rate implicit in the lease, when it is practicable to determine, otherwise, the Group's or Company's incremental borrowing rate is used. Any initial direct costs are also added to the carrying amount of such assets.

Lease payments are apportioned between the finance costs and the reduction of the outstanding liability. Finance costs, which represent the difference between the total leasing commitments and the fair value of the assets acquired, are recognised in statement of comprehensive income over the term of the relevant lease so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

(iii) Operating leases

Operating lease payments are recognised as an expense on a straight-line basis over the term of the relevant lease. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

In the case of a lease of land and buildings, the minimum lease payments or the up-front payments made are allocated, whenever necessary, between the land and the buildings elements in proportion to the relative fair values for leasehold interests in the land element and buildings element of the lease at the inception of the lease. The up-front payment represents prepaid lease payments and are amortised on a straight-line basis over the lease terms.

(f) Investment properties

Investment properties are properties held either to earn rental income or for capital appreciation or for both. Gain or losses arising from changes in the fair values of investment properties are included in the statement of comprehensive income in the year in which they arise.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(f) Investment properties (continued)

Investment properties are derecognised when they have either been disposed of or when the investment property is permanently withdrawn from use and no future benefit is expected from its disposal. On the derecognition of an investment property, the difference between the net disposal proceeds and the carrying amount is charged to the statement of comprehensive income; any amount in the revaluation reserve relating to the investment property is transferred to retained earnings.

(g) Impairment of assets

(i) Impairment of financial assets

All financial assets (except for financial assets categorised as fair value through profit or loss and investment in subsidiaries) are assessed at each reporting date whether there is any objective evidence of impairment as a result of one or more events having an impact on the estimated future cash flows of the asset. Losses expected as a result of future events, no matter how likely, are not recognised. For an equity instrument, a significant or prolonged decline in the fair value below its cost is an objective evidence of impairment. An impairment loss in respect of held-to-maturity investments and loans and receivables financial assets is recognised in profit or loss and is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

An impairment loss in respect of available-for-sale financial assets is recognised in profit or loss and is measured as the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in the fair value reserve. In addition, the cumulative loss recognised in other comprehensive income and accumulated in equity under fair value reserve, is reclassified from equity to profit or loss.

With the exception of available-for-sale equity instruments, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised. In respect of available-for-sale equity instruments, impairment losses previously recognised in profit or loss are not reversed through profit or loss. Any increase in fair value subsequent to an impairment loss made is recognised in other comprehensive income.

(ii) Impairment of non-financial assets

The carrying values of assets, other than those to which MFRS 136 - Impairment of Assets does not apply, are reviewed at the end of each reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts.

The recoverable amount of the assets is the higher of the assets' fair value less costs to sell and their value-in-use, which is measured by reference to discounted future cash flow.

An impairment loss is recognised in profit or loss immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset.

When there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately, unless the asset is carried at its revalued amount. A reversal of an impairment loss on a revalued asset is credited to other comprehensive income. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in the statements of comprehensive income, a reversal of that impairment loss is recognised as income in the statements of comprehensive income.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(h) Investments

Investments in subsidiaries are stated at cost less impairment losses, if any. Investments in quoted shares, portfolio investment in quoted shares and money market and unquoted bonds held as long term investments are stated at cost less accumulated impairment losses, if any. Marketable securities are carried at lower of cost and market value. Market value is calculated by reference to stock exchange quoted price at close of business on the statement of financial position date.

(i) Inventories

Inventories are valued at the lower of cost and net realisable value on the weighted average cost basis. Cost of raw materials comprised the cost of purchase plus the cost of bringing the inventories to their present location and condition. For finished goods and work-in-progress cost consist of raw materials, direct labour and an appropriate proportion of production overheads.

Net realisable value is the estimated selling price in the ordinary course of business less selling expenses. In arriving at net realisable value, due allowance is made for all obsolete and slow moving inventories.

(j) Receivables

Receivables are carried at anticipated realisable values. Bad debts are written off when identified. Allowance is made for doubtful debts based on a review of all outstanding amounts as at the statement of financial position date.

(k) Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, bank balances and deposits with licensed banks, net of outstanding bank overdrafts which are subject to an insignificant risk of changes in value.

(l) Payables

Payables are stated at cost which is the fair value of the consideration to be paid in the future for goods and services received.

(m) Hire-purchase

Property, plant and equipment acquired under hire-purchase are capitalised and are depreciated in accordance with the policy stated in Note 2.3 (d) and the corresponding obligations relating to the remaining capital payments are treated as liabilities. Finance charges are charged to the statement of comprehensive income over the period of the plan so as to produce a constant periodic rate of charge on the remaining balance of the obligations for each accounting period.

(n) Interest-bearing borrowings

Interest-bearing bank loans and overdrafts are recorded at the amount of proceeds received, net of transaction costs.

Borrowing costs directly attributable to the acquisition of property, plant and equipment are capitalised as part of the cost of those assets, until such time as the assets are ready for their intended use. All other borrowing costs are charged to the statement of comprehensive income as an expense in the period in which they are incurred.

(o) Share capital

Ordinary shares are recorded at the nominal value and proceeds in excess of the nominal value of shares issued, if any, are accounted for as share premium. Both ordinary shares and share premium are classified as equity. Cost incurred directly attributable to the issuance of the shares are accounted for as a deduction from share premium, otherwise it is charged to the statement of comprehensive income.

Dividends to shareholders are recognised in equity in the period in which they are declared or approved by shareholders at general meeting.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(p) Provisions

Provisions are recognised when there is a present obligation, legal or constructive as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are reviewed at each statement of financial position date and adjusted to reflect the current best estimate.

(q) Taxation

Income tax on the profit for the year comprises current and deferred income tax liabilities. Current income tax liabilities is the expected amount of income taxes payable in respect of the taxable profit for the year and is measured using the tax rates that have been enacted at the statement of financial position date.

Deferred income tax liabilities is provided for, using the liability method, on temporary differences at the statement of financial position date between the tax bases of assets and liabilities and their carrying amounts in the financial statements. In principle, deferred income tax liabilities are recognised for all taxable temporary differences and deferred income tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

A deferred income tax asset is recognised only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences can be utilised. The carrying amount of a deferred income tax asset is reviewed at each statement of financial position date. If it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or all of that deferred income tax asset to be utilised, the carrying amount of the deferred income tax asset will be reduced accordingly. When it becomes probable that sufficient taxable profit will be available, such reduction will be reversed to the extent of the taxable profit.

(r) Foreign currencies

Foreign currency transactions are converted into Ringgit Malaysia, the Group's functional currency, at the rates of exchange ruling on the transaction dates. Monetary assets and liabilities in foreign currencies at statement of financial position date are translated into Ringgit Malaysia at the exchange rates ruling at that date. All exchange gains and losses are taken up in the statement of comprehensive income.

The principal closing rates used in translation of foreign currency amounts are as follows:-

Foreign currency	2016 RM	2015 RM
1 Singapore Dollar	2.982	2.810
1 US Dollar	4.023	3.786
1 Euro	4.466	4.236
1 Hong Kong Dollar	0.518	0.488
1 Japanese Yen	0.039	0.031
1 Thai Baht	0.114	0.112
100 Indonesian Rupiah	0.031	0.030

(s) Employee benefits

Short term employee benefits

Wages, salaries, paid annual leave and sick leave, bonuses and non monetary benefits are accrued in the period in which the associated services are rendered by the employees of the Group.

Defined contribution plan

The Group's contribution to the defined contribution plan ("Employees Provident Fund") are charged to the statement of comprehensive income in the period in which they relate. Once the contributions have been paid, the Group have no further payment obligations.

NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.3 Significant accounting policies (continued)

(s) Employee benefits (continued)

Equity compensation benefits

The Employees Share Option Scheme allows the employees to acquire shares of the Company. No compensation cost or obligation is recognised. When the options are exercised, equity is increased by the amount of the proceeds received.

(t) Revenue recognition

Revenue from sales of goods is recognised when significant risks and rewards of ownership have been transferred to the buyer.

Other revenue earned by the Group and by the Company are recognised on the following basis: -

(i) Interest income

Interest income recognized on an accrual basis.

(ii) Dividend income

Dividend income from investment in quoted shares is accounted for in the statement of comprehensive income when the right to receive payment is established.

(iii) Rental income

Rental income recognized on an accrual basis.

(iv) Interest from investment in bonds

Interest from investment in bonds is accounted for in the statement of comprehensive income when the right to receive payment is established.

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The key assumptions concerning the future and other key sources of estimation uncertainty at the statement of financial position date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as stated below:-

(i) *Depreciation of property, plant and equipment*

The residual values for certain major plant and machinery of the Group are ascertained annually at a percentage of cost to reflect their approximate fair value at the end of their estimated useful lives.

Property, plant and equipment are depreciated on a straight line basis over their estimated useful lives. Management estimates the useful lives of the plant and equipment to be 5 to 25 years. Changes in the expected level of usage and technological developments could impact the economic useful lives and residual values of the plant and equipment. Therefore, the future depreciation charges could be revised.

(ii) *Net realisable values of inventories*

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuations of inventories.

NOTES TO THE FINANCIAL STATEMENTS

3. SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS (CONTINUED)

(iii) *Recoverability of receivables*

The Group makes impairment of receivables based on an assessment of the recoverability of receivables. Impairment of receivables are applied to receivables where events or changes in circumstances indicate that the carrying amounts may not be recoverable. Management specifically analysed historical bad debts, customer concentrations, customer credit worthiness, current economic trends and changes in customer payment terms when making a judgement to evaluate the adequacy of the Impairment of receivables. Where the expectation is different from the original estimate, such difference will impact the carrying value of receivables.

(iv) *Taxation*

The Group is subject to income taxes of different jurisdictions. Significant judgment is required in determining the capital allowances and deductibility of certain expenses during the estimation of the provision for income taxes. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Group recognised liabilities for tax based on estimates of assessment of the tax liability due. Where the final tax outcome is different from the amounts that were initially recorded, such differences will impact the income tax and deferred income tax provisions, where applicable, in the period in which such determination is made.

(v) *Impairment on investments*

At reporting date, management determines whether the carrying amounts of its investments are impaired. This involves measuring the recoverable amounts which includes fair value less costs to sell and valuation techniques. Valuation techniques include the use of discounted cash flow analysis, considering the current market value indicators and recent arms-length market transactions. These estimates provide reasonable approximations to the computation of recoverable amounts.

In performing discounted cash flow analysis, discount rate and growth rates used reflect, amongst others, the maturity of the business development cycle as well as the industry growth potential. The growth rates used to forecast the projected cash flow for the following year approximate the performances of the respective investments based on the latest available management accounts.

Based on management's review, no further impairment is required for the investments of the Group and the Company during the current financial year.

(vi) *Share-based payments to employees*

The cost of providing share-based payments to employees and directors is charged to profit or loss over the vesting period of the related share options. The cost is based on the fair value of the options at grant date and the number of options expected to vest. The fair value of each option is determined using the binomial model valued by an independent valuer.

The valuation of these share-based payments requires judgements to be made in respect of the fair value of the options at grant date and the number of options that are expected to vest.

34. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group manages its capital based on debt-to-equity ratio. The debt-to-equity ratio is calculated as net debt divided by total equity. Net debt is calculated as borrowings plus trade and other payables less cash and bank balances.

During the year, no significant changes were made in the objectives, policies or processes for managing capital.

The debts-to-equity ratio at the reporting date was as follows:-

	2016 RM	Group 2015 RM

37. FINANCIAL INSTRUMENTS

The operations of the Group are subject to a variety of market risks, including credit risk, foreign currency exchange risk, interest rate risk, liquidity risk and cash flow risk and market risk. The Group has formulated guidelines and policies as well as internal controls which seek to minimize the Group's exposure to risks associated with the financing, investing and operating activities of the Group.

(a) Financial Risk Management Objectives and Policies

(i) Credit risk

Deposits, cash and bank balances placed with major financial institutions of which the Directors believe that the possibility of non-performance by these financial institutions is remote on the basis of their financial strength.

Therefore, credit risk arises mainly from the inability of its customers to make payments when due. The Group has a credit policy in place to evaluate customers requiring credit over a certain amount or period. Credit risk is further minimized and is monitored via strictly limiting the Group's associations to business partners with high creditworthiness. Trade receivables are monitored on an ongoing basis via the Group's management reporting procedures.

The Group does not hold any collateral and thus, the credit exposure is continuously monitored by the directors.

The ageing analysis of trade receivable and movement of impairment of trade receivables are as disclosed in Note 19.

NOTES TO THE FINANCIAL STATEMENTS

37. FINANCIAL INSTRUMENTS (CONTINUED)

(a) Financial Risk Management Objectives and Policies (continued)

(ii) Interest rate risk

The Group's exposure to interest rate risk arises from interest-bearing borrowings of which the Group reviews and monitors the interest rates at regular intervals. The hire-purchase, bank overdraft, bankers' acceptances, trust receipts and term loan bear interest registered at commercial banking rates per annum.

Sensitivity analysis for interest rate risk:-

As at 30 June 2016, if interest rates at the date had been 100 basis points lower with all other variables held constant, profit before income for the year would have been approximately RM 2,810,440 (2015 : RM 2,685,984) higher and vice versa.

(iii) Liquidity risk and cash flow risk

The Group actively manages its operating cash flows and the availability of funding so as to ensure that all repayment and funding needs are met. As part of its overall prudent liquidity management, the Group maintains sufficient levels of cash and cash equivalents to meet its working capital requirements and prudently balances its portfolio of short term and long term funding requirements.

The table below summarises the maturity profile of the Group's liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

	Group			Total RM

(c) Fair values

In the opinion of the directors, the carrying amounts of financial assets and financial liabilities of the Group at the statement of financial position date are approximate their fair values except as set out below:-

Recognised	Group			
	2016		2015	
	Carrying amount RM	Fair value RM	Carrying amount RM	Fair value RM
Hire-purchase payables	27,908,094	26,512,689	27,447,385	26,193,078

Borrowings	281,334,353	267,267,635	268,350,220	256,511,220

The methods and assumptions used by management to determine the fair values of other financial instruments are as follows:-

- (i) In respect of cash and cash equivalents, receivables, deposits and prepayments, payables, accruals and short term borrowings, the carrying amounts approximates fair value due to relatively short term nature of these financial instruments.
- (ii) The fair value of the borrowings which is accounted for as long term financial liabilities is estimated by discounting future contractual cash flows at the current market interest rate available to the Group for similar financial instruments.

Notes :

1. A Member entitled to attend and vote at this Meeting, is entitled to appoint a proxy or proxies to attend and vote in his/her place. A proxy may but need not be a Member of the Company and the provision of Section 149(1)(b) of the Companies Act, 1965, shall not apply to the Company. A Member may appoint not more than two (2) proxies to attend the same Meeting. Where a Member appoints more than one (1) proxy, the appointment shall be invalid unless he/she specifies the proportion of his holdings to be represented by each proxy.
2. The Proxy Form must be signed by the Appointor or his Attorney duly authorised in writing, or if the Appointor is a corporation, either under its Common Seal or under the hand of an Officer or Attorney duly authorised and may by resolution of its directors authorise such person as it thinks fit to act as its representative at the meeting pursuant to Section 147 of the Companies Act, 1965.
3. Where a Member of the company is an exempt nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("Omnibus Account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds.
4. The instrument appointing a proxy shall be in writing under the hand of the appointor or of his/her attorney, and the person so appointed may attend and vote at the Meeting at which the appointor is entitled to vote.
5. Only Members registered in the Record of Depositors as at 7 November 2016 shall be eligible to attend and vote at the said Meeting or appoint proxy(ies) to attend and vote on their behalf.
6. The Proxy Form must be completed and deposited at the Registered Office, No.1, Jalan Istimewa 2, Taman Perindustrian Desa Cemerlang, 81800 Ulu Tiram, Johor Darul Takzim, Malaysia, not less than forty-eight (48) hours before the time for holding the Meeting or any adjournment thereof.
